

Make your own sheep.

Cut out a circle of white paper or card.

Cut out a smaller circle of black paper and two small ear shapes.

Or you can use white paper and colour the smaller circle and ears black.

Cut out four strips to use as legs. Colour a small half circle at the bottom of each.

On one write I on the next, will, the next follow and last one Jesus.

Stick them in that order on the bottom of the circle.

Glue over the circle and stick on some cotton wool.

Stick the ears each side of the black circle.

Cut two small white ovals and put a black dot on each.

Stick them as eyes on the black circle.

Stick the circle face on the cotton wool near the middle.

You have made your sheep. 👍😊
